**Dated: 16<sup>th</sup> June 2020**

**Advisory for Medical Colleges Functioning as Tertiary Covid Care Centre**

The Medical Colleges designated as Tertiary Covid Care Centres will admit Covid positive patients along with other ailments of different disciplines. These departments will function normally and Covid positive patients will get the multi-disciplinary services as per their requirements.

For the academic requirements, all the departments should function normally as a tertiary care centre and admit Covid positive patients of the concerned discipline.

Implementation planning will be done by the College authority considering the interest of public services and academic requirements.
