Bulletin

Date: 30.03.2020

WHO has declared the Novel Corona Virus Disease (COVID-19) as a pandemic on 11th March, 2020 affecting 201 countries/ territories/areas. In this context, Government of West Bengal has strengthened the surveillance and control measures against the disease. As on today total 81093 travelers / persons have been screened at Kolkata & Bagdogra Airport and 565509 persons have been screened at seven Land Border Check Points along Nepal and Bangladesh. Also 5699 crew members of ships have been screened in three Ports. Till date **47301** travelers have been identified and placed under surveillance. For **2373** of them the surveillance period has been over **210** are admitted in isolation facility. Rest **44718** is under home surveillance. Till date samples were collected from **519** suspects for test of COVID-19 and the results of **465** persons were negative. Samples from **22** persons have come as positive till now. Results of **32** samples are awaited. The health condition of all persons under surveillance is stable including the patients admitted in Isolation. A 24X7 control room is operating in the State Head Quarter. Isolation facilities with total 1327 beds have been arranged in different Medical Colleges, District Hospitals, Sub-divisional Hospitals and Multi-specialty Hospitals across the State (101 hospitals).

In the background of the present COVID-19 outbreak, the general public is advised to adhere to health advisories issued by the State Government. All the guidelines for health and hygiene are posted on www.wbhealth.gov.in. People at large should follow the cough etiquette by covering the nose and mouth using handkerchief/towel while sneezing/coughing and do frequent hand-washing with soap and water. Those who have arrived from the COVID-19 affected countries should remain under home quarantine for 14 days from the date of arrival in India, even if they do not have any symptoms. They should contact the Help Line no. given below in case they develop fever with cough/difficulty of breathing during this period or further 2 weeks.
