

Government of West Bengal
Department of Health & Family Welfare

Memo No: M/222(5)

Date: 01.02.2023

To: The Principal,

Murshidabad Medical College & Hospital, Purulia Medical College & Hospital, Bankura Sammilani Medical College & Hospital, Burdwan Medical College & Hospital, Rampurhat Medical College & Hospital

Subject: Support in Monitoring and Supervision Mass Drug Administration Campaign (10th February – 18th February, 2023) to eliminate Lymphatic Filariasis from West Bengal

Sir/ Madam,

Lymphatic Filariasis (LF) is a tropical disease which not only causes serious deformities, but also affects socio-economic conditions of the patient. Due to its disfiguring and disabling nature, it also causes major social stigma for the patients. Elimination of Lymphatic Filariasis is a Public Health Priority and the Government of West Bengal is committed to eliminate Lymphatic Filariasis from the state by year 2027 in harmony with the national goal. To achieve this target, Mass Drug Administration (MDA) of anti-filarial medicines plays an important role. **MDA will take place in selected blocks of 5 districts and 2 Health Districts from 10th February to 18th February, 2023.**

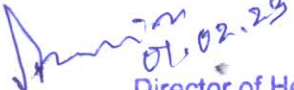

In pursuit to achieve the goal of LF elimination, monitoring and supervision has a pivotal role. Medical Colleges are already attached to LF program by participating in Post MDA coverage evaluation in previous rounds. Department of Health and Family Welfare have sought your extended support of monitoring and supervision in Preparatory activity and MDA activity along with Post MDA coverage evaluation.

Support required from State observer for MDA in this respect is pronounced below:

- (i) Visit to the blocks undergoing MDA activity by faculties of Community Medicine Department for assessment of preparatory activity pertaining MDA.
- (ii) Visit to the blocks undergoing MDA activity from the period 10th February onwards for supervision and monitoring of MDA activities.
- (iii) Sharing observation with concerned blocks, District and State for Corrective action if any.

- Recording of observation (Preparatory and Concurrent activity) in specified formats, sensitization of faculties on monitoring formats will be done in Virtual mode.
- (v) Updation of observation in google formats, formats will be shared and discussed.
- (vi) Expenses for monitoring and supervision will be borne by District Health and Family Welfare of concerned districts.

Supervision and monitoring play key role in successful MDA Campaign. Therefore, support is required from the State Observers from Community Medicine Department of your Medical Colleges.(details are mentioned in Annexure- I):
