Sub : Conducting Fire Safety Audit in all Clinical Establishments

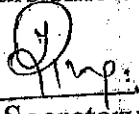

Sir/Madam,

In order to ensure safety and security of all patients and staff in clinical establishments across the State, a thorough review of fire fighting arrangements in its entirety has become highly essential. Your kind attention is drawn to Rule 21, Sub-Rule (3) of the West Bengal Clinical Establishments (Registration, Regulation & Transparency) Rules, 2017 whereby it is mandatory for a clinical establishment to obtain a No Objection Certificate under West Bengal Fire & Emergency Services Act, 1950

In view of the above, it is mandated that a thorough fire safety audit is conducted in all clinical establishments and No Objection Certificates updated as required under the rules and regulations in force. The Medical Superintendent of every clinical establishment may be requested to co-ordinate with the Department of Fire & Emergency Services and other concerned agencies to complete the task in an urgent time bound manner.

This matter must be accorded highest priority and necessary actions must be taken accordingly.

Yours sincerely,

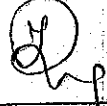

Secretary 8/11/2021
Health & Family Welfare
